NAIRN SHOW LIMITED

RISK ASSESSMENT FORM

for Nairn Agricultural Show ~ Saturday 28th July 2018

Please complete the Risk Assessment Form using the guidelines shown below. Consider what risk there is for those setting up trade stands and for the general public during the Show. If in your opinion there is no risk please print NO RISK and return the form. **If you have your own generic risk assessment form you may send a copy of this instead.**

HAZARD	WHO MIGHT BE HARMED	IS MORE REQUIRED TO CONTROL THE RISK
<i>Look out for hazards that you could reasonably expect to result in significant harm in connection with your tradestand. Use the following examples as a guide:</i>	<i>There is no need to list individuals by name -just think about groups of people doing your similar work or who may be affected, e.g</i>	<i>For the hazards listed, do the precautions already taken -</i>
Slipping/Tripping Hazards Chemicals (e.g. battery acid) Moving Parts of Machinery (e.g. bales) Working at Height Pressure Systems Vehicles (e.g. fork-lift trucks) Electricity Dust (e.g. from grinding) Fumes (e.g. vehicle engines) Manual Handling Noise Livestock on Stand Lifting Operation	Office Staff Maintenance Personnel Contractors People sharing your work place Operators Cleaners Members of the public Pay particular attention to - Staff with disabilities Visitors Inexperienced Staff Lone workers - they may be more vulnerable	<ul style="list-style-type: none"> Meet the standards set by a legal requirement? Comply with recognised industry standards? Represent good practice? Reduce risk as far as reasonably practicable? <p>Have you provided</p> <ul style="list-style-type: none"> Adequate information, instruction or training? Adequate systems or procedures? <p>If so, then the risks are adequately controlled, but you need to indicate the precautions you have in place.</p> <p>Where the risk is not adequately controlled indicate what more you need to do (the 'action' list)</p>
Fire Hazard e.g. combustible materials (rubbish, flammable substances, LPG etc) and ignition sources (flames, smoking etc)	As Above	<ul style="list-style-type: none"> Means of Escape. Fire detection and alarms. Fire fighting equipment and fire evacuation plan.
